Jeff: I believe I have an answer to your question. BP did in fact acquire Castrol Industrial in 2000 and assumed responsibility for the 72162-15-3 at that time. However, Bp has since sold that part of the Business to Dover Chemicals (February of 2003) and thus the remaining responsibility for sponsorship was passed on to Dover Chemicals.

Hope this clarifies the issue.

Dave

Subject: BP plc Acquisition

and Sponsorship of CAS# 72162-15-3

Dear David Dutton:

ACC HERTG wrote us a letter 12/2/02 stating that Castrol Industrial North America, which sponsored CAS# 72162-15-3, would henceforth participate in the HPV Challenge Program as BP plc. On 1/5/04, ACC HERTG stated to us that BP plc should be removed from their list of consortium members. That leaves us with the questions: has BP plc acquired Castrol Industrial North America; and, if so, has BP plc also assumed Castrol Industrial North America's commitment to sponsor CAS# 72162-15-3?

Thank you for your time and attention in resolving this matter.

Sincerely,
Jeffrey Taylor
